March 2017

**THE ELECTRONIC VERSION**

Greetings, Waynesboro—Staunton Region Members & Friends,

We got some good news in the mail this week. Tire Tracks received the **AACA 2016 Award of Excellence** for regional publications. This award recognizes “superior achievement in publicizing and informing regional members of Local and National AACA activities and generating interest, enthusiasm and support for the hobby.” This award not only recognizes your editor, but is made possible by the stories contributed by members during the year. Our series on “My First Car” with articles by Larry Huffman, Doris Stone, Duane Perrin, Barry Linke, George Weller, Jim & Mary Owen, Scott Gregory, Bob Ridle and Jack Drago were popular with our readers as well as the judges that review our monthly newsletters. Thanks to all of you who took the time to write your stories. Now there is a challenge to the rest of our members: We have 63 member families and we’ve only published 10 stories to date. I know there are more great stories out there so please take the time to write an article for Tire Tracks. I’ll help with editing and scanning any old pictures that you have so don’t be shy about giving me an article. This is your newsletter and you are the ones who make it enjoyable to read by our members.

## 2017 ODMA Meet

In this issue, we’ve included the registration form for the ODMA meet to be held in Virginia Beach on April 21-22. The meet will be held at the beautiful Founders Inn and Spa. The hotel rates are very reasonable and the show field and trailer parking are all on the grounds of the hotel. The Founders Inn is just off I-64 Exit 286B so it’s easy to find. We had a tour of the grounds and facilities back in November and were all impressed with the location for what promises to be a great venue for the meet. Registrations must be postmarked by April 8 so it’s not too soon to be planning for the meet. We had 8 cars at last year’s meet in Martinsville. Let’s see if we can a larger turnout for 2017.

Some of our cars at the 2016 ODMA Meet

Do you receive both the electronic edition of Tire Tracks as well as a hard copy? We did an analysis of costs for printing and mailing Tire Tracks. It costs \$1.52 / issue (or \$18.24 / year) at current rates. 23 members currently receive both hard copies and the electronic edition. Some members need both and we certainly respect those needs. However, if you don’t need the hard copy, please let your editor know and we’ll save some money for the Region.

## **PRESIDENT’S MESSAGE**

Janet and I attended the 81<sup>st</sup> Annual Meeting of the AACA in Philadelphia representing our Region. I attended some of the seminars and Janet the First Lady’s Breakfast hosted by Dot Parrish. See my report (page 3) for more about the Meeting.

However, the most important thing that occurred at the meeting is that Bob Ridle received two National Awards. He was recognized for the third consecutive year as a Master Webmaster and received the Spark Plug Award. The Spark Plug recognizes the “Webmaster of a Region or Chapter for their contribution to the general welfare and spirit of the AACA”. Bob was selected from among the top 17 Master Webmasters for the Spark Plug Award. Congratulations Bob! And, thanks to you and Scott Gregory for making our Website the gem that it is. Scott set achieving the Spark Plug Award as a goal when he began working with Bob as Assistant Webmaster last year. Scott and Bob actually reorganized our W-S website and got it transferred over to the new .org system even before the national AACA got theirs transferred,

The importance of their success can’t be over emphasized. At the Seminar on growing and strengthening your local Region I attended, the speakers stressed the importance of a great website and establishing a presence in social media. They believe that’s the best way today to communicate with and to reach out to potential younger members. Radio, printed media and television are no longer the route for interesting and educating younger members.

Walter Wilson set up a great February Monthly Meeting at Sooner’s Barbeque in Stuarts Draft. The food was super and it was well attended. They had to set up extra tables. There was a bit of concern on the part of our hosts Brad and Barbie Thedo because they anticipated we’d all arrive before 2:00 and we didn’t.

We filled the place just after 2:00 and their anxiety disappeared. It was a pleasure to be in a new venue. Walter noted he’s trying to find places we haven’t been before for to provide new experiences. Even so, next month we’ll be at Pano’s in Harrisonburg. Walter has arranged a very interesting speaker, Gary Powers Jr. son of the Cold War U-2 pilot shot down on a mission over Russia. He’ll speak about the movie made of his dad’s exploits and about the reality of his father’s experience and what was portrayed in the movie.

See you at Pano’s!  
Alfred

## **SPARK PLUG AWARD**

Bob Ridle was unable to attend the National meeting in Philly so we arranged to have 2016 National AACA President Bob Parrish present the award at the ODMA Planning Meeting held in Yorktown VA on Saturday Feb. 18.

Bob showed our members the award at our February meeting.  
**Congratulations Bob!**

## Trip Report-AACA 81<sup>st</sup> Annual Meeting Philadelphia, Pennsylvania February 9<sup>th</sup> -12<sup>th</sup>, 2017

Janet and I attended the AACA Annual meeting at the Sheraton arriving Thursday, February 9<sup>th</sup>, and departing Sunday, February 12<sup>th</sup>. Friday I attended four seminars and Janet attended the First Lady's Breakfast hosted by Dot Parrish.

Highlights from the seminars:

Region & Chapter, Leadership, Training & Development Lars Anderson, Chuck Crane, Myron Smith and Jack Armstrong.

- ◆ All clubs are having trouble building membership. There are many activities competing for potential members.
- ◆ Car shows, website and social media are critical to communicating with today's recruits. Radio, television and print media are passé.
- ◆ Flyers at auto part stores are sometimes effective.
- ◆ Display cars at other events, church fairs, civic displays, Lions, Ruritan, hamburger stands, open houses, etc. brings introduction to those who would not seek out car events.
- ◆ Welcoming potential new members at shows, events and meetings is critical.
- ◆ Too much competition among car shows and events: Join with other clubs for better exposure and reducing competition.

AACA Touring- Basics & Benefits, Effective Negotiating For Meets and Tours, Eric Marsh, Marty Roth, Chuck Crane and Don Barlup.

- ◆ Attendance is down on tours: Don't over commit on guaranteed minimums.
- ◆ Have members that have negotiating experience, particularly in hospitality industry, lead your negotiation team.
- ◆ Have several members attend each negotiating session to make sure you have an accurate summary of what transpired.
- ◆ Summarize each meeting before you leave, itemize agreements. Follow up with written summary with hotel or restaurant. Get a final contract containing all the previous agreements.
- ◆ Keep costs reasonable for attendees. Don't forget their travel costs to your tour.
- ◆ Work with your local Visitors Bureau or C of C who can help negotiate hotel and restaurant prices and can provide "heads in beds" funding to help promote the event. The bureaus get the better portion of local hotel taxes to promote future events.
- ◆ Get it in writing early! Hotel ownership often changes don't have to re-negotiate.
- ◆ Use buffets rather than sit down meals to save cost. Consider using local churches, civic groups or fire departments for morning breaks or meals.
- ◆ Plan for stuff to happen, include a financial reserve.

Buying and Selling on EBAY and Craig's List, Bob Stein.

- ◆ EBAY provides better protection for the buyer than Craig's List but best protection for the seller.
- ◆ The bidding promotes highest prices. Best way is to use "Buy it Now" feature.
- ◆ It's easier to negotiate with Craig's List sellers but no protection either side.

Repair, Restoration and Maintenance, Jim Cross

- ◆ You need to be clever and adapt commercial parts from industrial suppliers like McMaster-Carr to meet your needs, make your own or have them made for you.
- ◆ Many commercial items that had been modified were discussed.
- ◆ There was much discussion of lubricants, sealing materials, packings, coatings, rust removers, coolants, etc.

Janet attended the First Lady's Breakfast where Dot Parrish spoke of and displayed much of her collection of over 3000 Teddy Bears. Lots of fun and an excellent breakfast.

Saturday was focused on the Annual Meeting. There were two significant events. The incoming officers were introduced and the status of the AACA and Museum were discussed. The Museum discussion started with some harsh and venomous criticism of Tom Cox, the incoming president, by a chap who was a major volunteer (thousands of hours) at the museum and supposedly a major benefactor of the museum. Cox did an outstanding job of restoring calm and peace and got the discussion back on track. Most amazing was that, when Cox had finished, his critic offered to work with Cox and the AACA to open negotiations again.

Several petitions and requests by individual Regions were made in support of re-opening and trying to find an amicable way of working together.

The crux of the matter however seems to be the Museum's demands of the AACA. In exchange for giving AACA a plot on the Museum campus, valued at \$1mil, on which to build a new Headquarters and Library the Museum wants:

- ◆ An increase in the annual payment AACA provides the Museum from \$82,000 to \$300,000, and.
- ◆ Half of all funds raised by the AACA to build its new Headquarters and Library.

From what was discussed the schism results from local business people joining the Museum Board and replacing AACA members. My speculation is that they, the local business people, see the Museum as a potential commercial money maker and are not really interested in working with AACA. They seem to want to be free to develop their own business.

What I felt was missing from the discussion was any indication of what was motivating the Museum. If you don't know what motivates your negotiating partner and what he wants, it's tough to come to a win-win for both sides. If they want to be free their demands will always be unacceptable.

Alfred

### W-S February 19 Meeting at Sooner BBQ

Sooner BBQ was a new venue for our Feb. meeting. Everyone enjoyed the buffet

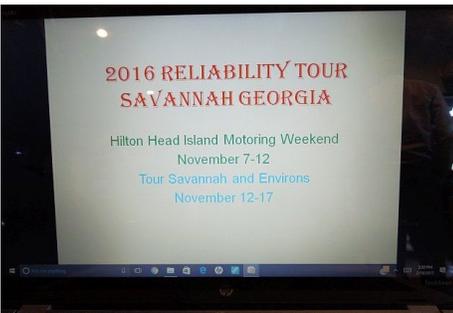

Allison Graves brought her 1946 Chevy pickup to its first W-S meeting.

Rick Downs brought his latest addition, a 1960 Rambler with only 4000 original miles!

Alfred Meyer presented an interesting program on the 2016 Reliability Tour in Savannah.

This tour was held about a month after Hurricane Matthew had devastated the area, taking down thousands of trees

The Reliability Tour is held during even-numbered years and is for brass era vehicles manufactured in 1915 and earlier. All AACA recognized vehicles of that vintage are permitted to take part. The Reliability Tour was designed many years ago to test the reliability of earlier vehicles.

Alfred and Janet enjoyed viewing the outstanding architecture of the Savannah area.
